Chapter 1 Down the Rabbit Hole

“Would you tell me, please, which way I ought to go from here?"
"That depends a good deal on where you want to get to."
"I don't much care where –"
"Then it doesn't matter which way you go.”

- Lewis Carroll, Alice in Wonderland

Tic Tack made the clock as he woke up, he opened his eyes slowly wondering when he had fallen asleep as lazily got up and walked out of the sunbeams, bright blending him.

In the far he heard Winston bark.

“ Winston ! “ he called out while going in the direction of the bark.

As he finally had found Winston, his eyes widened at the sight before him

“ Let me go I’ll be too late ! “ Alana hissed at the dog who was tugging on her red coat, as she had a big clock in her hand, a black white blouse, with a red heart on it and red pants with a black spade on it but what irritated him really were the white rabbit ears and tail which wiggled.

He blinked several times sighing “ Now you have finally managed to lose your mind completely, Will. Congratulation. “

“ Oh God, I'm going to be far too late. Look at the time ! “ Alana suddenly called out, a frown on her face like she was going to be killed. She tugged even harder at her coat to get it out of Winston's mouth, falling on the ground in the progress.

He rushed to help her, but she fast got up and took off, walking at an incredible speed always mumbling she would come too late.

The tic-tack of the clock getting louder and louder.

Winston ran after her and so did he wondering where she would wander off to.

“ Alana “ he called out many times, getting breathlessly as she kept running and only mumbling.

“ I'll be late ! “

Then she suddenly vanished before his eyes, as he kept running.

Suddenly he lost his stand and fell down a very deep hole, he closed his eyes as he only heard Winston's barking, awaiting the impact that never came, instead he kept falling.

He opened his eyes and realized that he in fact really kept falling while ticking clocks were overall, tea cups, red and blue roses, keys, books and play cards.

He tried desperately to grab one of these things and looked for a way to stop the falling but everything was useless.

As he saw the black and white squared floor, he put his hands before his face in an attempt to shield himself, only to land very soft on the floor.

As he laid on the ground he looked up the rabbit hole finding it far too high to climb up.

Sitting up he found himself in a strange scenery, everything about this just seemed wrong and strange.

All the flowers hanging everywhere, especially the roses red, blue, white and black once, the long hall, the mirrors that were floating overall and clocks that showed all a different time.

He sighed defeated hoping it was just a strange dream, as he noticed that he was wearing a blue white dress, with black-white stocking and black heels.

If Alana's outfit wasn't strange enough he thought to himself as it finally clicked in his head.

Right Alana had brought him here, he must have fallen in the same hole, so she must know the way out. He reasoned.
Knowing all he had to do was finding her to get home, hoping she had a rationally explanation for it.
